

APPENDIX D2

IFB 37-22-038 CROSSWINDS MARSH RESTROOM FACILITY –

Drawings

A. SHEET NUMBER A5.00: INTERIOR ELEVATIONS:

1. **ADD: at the interior of STORAGE ROOM 03:** Provide and install twelve (12) hooks, total, attached to the 2x4 framing of the storage shelves. See the two attached interior elevations on **SK-1** and **SK-2**, which show the locations for mounting. The hooks shall be heavy-duty hooks, as specified below:
 - a. There shall be nine (9) heavy-duty wardrobe hooks, with a working load limit of 50 lbs., as offered by **GRAINGER, Item no. 4JH13**. These are steel (painted white), screw-mount hooks with a hook base width of 4”, and projection of 4-1/4”, and include two screws for mounting. (Also see Appendix D3 – Additional Specs-Drawings)
 - b. There shall be three (3) heavy-duty wall-mount “J” hooks, as offered by **EV Charge Solutions** (through Amazon). The hooks are aluminum, matte black finish, 6” high, with 2 mounting screws. **EAN: 063485718499**. These hooks are for holding charging cords. (Also see Appendix D3 – Additional Specs-Drawings)
