

SCOPE OF WORK

Roadside Ditch Cleanout and Culverts Inspection

The contractor shall furnish all labor, equipment, and materials in accordance with all specifications, terms, and conditions herein.

Contractor shall furnish all signs, cones, and flaggers (where needed) to maintain proper traffic control in accordance with the Michigan Manual of Uniform Traffic control Devices.

The contractor shall inspect all culverts provided by Wayne County in accordance with the Michigan Non-NBI Culvert Structure Inspection Guide (2021 edition) provided by the Michigan Transportation Asset Management Council (TAMC). The contractor shall document and submit all inspection findings and ratings using the Michigan Department of Transportation (MDOT) Culvert Scope Inspection Form with photos of the Culvert. Contractors during ditch cleaning of the provided locations shall notify county staff if they see any culverts that need to be repaired and or cleaned.

In addition to completing the MDOT culvert scope inspection form, the contractor shall provide Wayne County with locations for all culverts inspected.
